AVIATORS RESCUED AND TROOPS GO AFTER MEX BANDITS

American Officer Works Clever
Ruse On Outlaws and Saves
\$7,500 of the Ransom
Fund

(By Associated Press)

Marfa, Texas, Aug. 19.—Lieutenants H. G. Peterson and Paul H. Davis, American aviators held by Mexican bandits for \$15,000 ransom, crossed the border to the American side this morning.

The ransom money was taken across the border by Captain Marlock of the 8th Cavalry. He went alone, awaiting a signal flashed from mountains by the bandits.

Arriving at the bandit rendezvous, Matlock paid \$7,500 for the release of Peterson, who started for the border.

When Peterson was well on his way, Davis was brought forward and mounted behind Matlock on the latter's horse.

The bandits demanded the remaining \$7,500. Matlock told them to "go to hell" and rode away.

He said he decided there was "no use paying those Mexicans that other \$7,500 after I had Davis, so I told him to jump on behind, on my horse. I spurred him hard and we made a wild dash for the border and made it."

The aviators said they believed they were on the American side from the time their plane fell on Sunday, until they were rescued. They salvaged their guns from the plane and started for the American side on Wednesday. They reached a Mexican village and while traveling away from it the bandits captured them. Friday afternoon they reached the mountains and on Saturday messages were sent demanding ransom.

Cavalry Crosses The Border After Bandits

Candelaria, Texas, Aug. 19—via army field telephone to Marfa—Troops of the 8th cavalry crossed the Mexican border at 6:40 this morning in pursuit of the bandits who held aviators Peterson and Davis for ransom. The aviators accompanied the troops as guides. Air planes are co-operating with the cavalry as scouts to locate the bandits on the Mexican side, flying over the Ojinaga district, south of Candelaria.

Not A War Measure

Washington, Aug. 19—The American punitive expedition into Mexico after the bandits who held American aviators is being conducted with full knowledge of Washington authorities who have been withholding announcement of the government's purpose until the two Americans were safe. This expedition is the second of its kind since the Pershing expedition in pursuit of Villa. The other was an expedition into Juarez at the time of the recent fighting. In diplomatic aspects it does not take on the character of war as its sole purpose under international law is not to invade the sovereignty of Mexico but to punish or exterminate the bandits.

Texas Guard Ready

Austin, Texas, Aug. 19—Gov. Hobby today instructed the Adjutant General's department to have the Texas National Guard ready to respond to an emergency call for service on the border.

Aviators Acting As Scouts

(By Associated Press)

Marfa, Texas, Aug. 19—The American troops which swept across the border today in pursuit of the bandit band of Jesus Renteria, who held the American aviators prisoners, are supported by an adequate communication line of pack trains carrying a field wireless for use if out of touch with the aviators who are scouting the entire Ojinaga district for the bandits. The aviators are flying bombing planes and acting as scouts ahead of the column.

JUDGE GOODLOE TO SELL FINE FARM

Announcement has been made by Judge J. D. Goodloe of the sale of his handsome country home at White's Station. Judge and Mrs. Goodloe plan to come to town to make their home and will therefore sell not only their farm home but all their farming implements, livestock and in fact sell out "lock, stock and barrel". The sale will be held on September 4th.

Judge Goodloe's farm contains 560 acres and is one of the best known blue grass farms of Madison county. It is splendid land in every way and the sale of such a tract will undoubtedly attract wide attention all over this section. Full details of the sale will be given in large advertisement within a few days, in the Daily Register.

MADISON MAN WINS FIDDLERS' CONTEST

Doc Roberts, who lives on Taylor's Fork, in Madison county, won first prize in the big fiddlers' contest which was held at Berea College late last week. It is said to have been one of the most delightful affairs of the kind ever held in this section, and the big college auditorium was packed and jammed with the crowd which came to hear the musicians. There were 15 entries, and Roberts had to do some great playing to win the blue tie, and the \$50 prize money which went with first honors. Each fiddler played three selections or tunes, and was given two minutes to each. Roberts played "Wagoner," "Shortening Bread" and "Turkey in the Straw." The other prizes were awarded as follows:

Second prize—Dud Freeman, \$30.

Third prize—E. L. Cox, \$20.

DELAY IN BLACK'S NOMINATION TITLE

Gov. Black didn't receive his formal certificate of nomination as the Democratic candidate for governor, when the State Election Board met Saturday at Frankfort. It developed that Gov. Black and one or more of the successful candidates, had neglected to file their expense accounts as required by law and until this is done, the Board was unable to issue certificates. Other candidates who had not complied with the law and did not receive their certificates were: Frank E. Daugherty, nominated for attorney general; L. E. Foster, the nominee for Superintendent of Public Instruction; Henry M. Bosworth, named for Auditor of Public Accounts, and John W. Newland, who won the nomination for Commissioner of Agriculture.

The board, however, will meet Aug. 28 to select county election commissioners and will give the candidates a chance to file their expense accounts and get their certificates of nomination at that time.

Certificates of nomination were given to W. H. Shanks, nominated for Lieutenant Governor; Mat S. Cohen, named for Secretary of State; John A. Goodman, named for Clerk of the Court of Appeals, and Frank N. Burns, nominee for Railroad Commissioner in the First District. The canvass of the vote by the board revealed the following results in the races indicated:

For Governor—Black, 63,905; Carroll, 43,159.

Lieutenant Governor—Shanks, 41,988; Oldham 39,238.

Superintendent of Instruction—Foster, 38,735; Eubank, 26,906; King 14,901.

Commissioner of Agriculture—Newman, 50,999; Cecil, 21,227.

In the contest for the nomination for Attorney General, Charles I. Dawson received 39,669 Republican votes and George W. Jolly 14,811.

TEACHER AS A COMMUNITY LEADER

Topic of Able Address By Hon. John Noland at Morning Session of Institute

An address by Hon. John Noland upon "The Teacher as a Community Leader" featured Tuesday morning's session of the annual Madison County Teachers' Institute. Prof. Eubank conducted the devotional exercises when the session opened at 8:30 o'clock and Dr. Myers led the musical program.

Mr. Noland's address was enjoyed and appreciated by all who heard him. He compared the teacher's duty in life that of the parent to the child. He said that from the time of the Hebrews, that the two most important factors taught to humanity, had been intellectual and religious training which had been given to the world at the foundation thru the teachers of all ages to the children, and from the children to humanity. Touching on the teacher's compensation he said that all realize that it has been inadequate, but that it is not to be measured by dollars and cents, but that public servants in every phase of life must give their best and be subjected to the greatest injustice, b that they get their satisfaction from the fact that they are able to touch the mainspring of inspiration in the human heart and awaken latent ability to grow mature and rise to the richest and highest fruit. Also as leaders, he said that they must be interested enough in their work to do things, do them so well that they will be useful to the public at large. He said the time has past when the good things are done a localized but that they are given the county, to the state, to the world at large and to society, generally, become the impetus to those who are unable to do things originally. Noland declared on his closing marks that it was practically three leadership of the teachers of the world that the decision of the war was. Especially was it true of the others of the United States who were able to put 2,000,000 men on the battle front, and to have ready 200,000 more if it were necessary to use them to stamp out militarism, degradation and oppression.

After Mr. Noland's address a short recess was taken. At roll call, the instructor took charge and discussed "Reading" as the most important subject in the eve curriculum.

Mrs. Charles Weaver, Louisville, representing the Kentucky Children's Home Society, gave a shot talk on behalf of the Home. She said that a committee be appointed to operate with the representatives for the welfare of the children of this home.

After a short talk by Mr. Edwards, the meeting adjourned for the afternoon session.

The Monday afternoon session of the institute was opened by Dr. Myers, with discussion of the Song, correlated with nature and demonstrated by a nature training of the voice as to soft and sweetness, maintaining as secondary issue that half physical self-control is obtained through rhythmic practice.

Prof. Eubank, in taking charge of the afternoon, discussed the importance of Institute Week and its work for the good of the pupils. Honnie R. WILSON NOT AGAINST "INTERPRETATIONS"

President Explains Disputed Articles of League and Urges Ratification.

(By Associated Press)

Washington, Aug. 19.—At the outset of his conference with the Senate Foreign Relations Committee today, President Wilson told the committee he could see "no reasonable objection" to interpretations of how the United States accepts the League of Nations, provided such interpretations did not form a part of the formal ratification itself. If they did, a long delay would follow.

The much-discussed Article 10, the President said, was not of doubtful interpretation when read in connection with the whole covenant.

The President pleaded for ratification of the treaty that the world may be turned back wholly to a peace basis. He asserted the United States would have "complete freedom" of choice as to application of its forces under Article 10 of the League and the council would have "nothing whatever" to do with deciding whether the United States had fulfilled its obligation in case of its withdrawal from the League.

Discussing Article 11 under which the League would take any action "deemed appropriate," in case war occurred or was threatened, the President said the action contemplated would also rest entirely on a moral obligation.

STREET CAR STRIKE ON IN LOUISVILLE

(By Associated Press)

Louisville, Aug. 19.—Comparatively few cars are running today as a result of the strike of street railway employees at midnight. Meanwhile city officials and company officers and representatives of the employees are conferring on the disputed points dealing largely with closed shop, which the men demand and the company rejected.

A formal meeting, however, was not held as negotiations were broken off before the gathering assembled.

KEPT THEIR WEDDING SECRET OVER A YEAR

(By Associated Press)

Many friends of both were given a pleasant surprise, yet tinged with sadness when announcement was made this week that the wedding of Mr. Ben Daugherty, and Miss Zuelah Oliver was solemnized at Lebanon on the 15th of June 1918, by Father Hogarty, of St. Augustine Catholic church. The popular couple had intended, for parental reasons, to keep their happy secret some little time longer, but upon the birth and death of their little baby born Monday morning, told their friends and loved ones of their marriage over a year ago, and exhibited the marriage certificate signed by Father Hogarty, who is one of the best known ministers in his church. So at a time when both would otherwise be flooded with congratulations and happy wishes, their friends are extending sincere sympathies upon the loss of their little one.

Both Mr. Daugherty and his wife are very well known in Richmond and very popular. Mr. Daugherty is superintendent of the Richmond Water and Light Company, and one of the finest young business men in the city, upright in all dealings and respected and esteemed by everyone who knows him. He has been chief of the Richmond Fire Department for many years and is faithful in every way to every trust.

His wife is the attractive daughter of Mrs. Leslie Oliver. She was for several years on the staff of the Cumberland Telephone Company here, and later has been with W. W. Broadbudd & Company. She is a young woman of sterling worth, with respect and love of everyone, and at this hour when their well kept secret is made public, the heartiest good wishes of their friends which go out to them for a long and happy life together are tinged with condolences over the loss of

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered until agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui...

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

A RARE CHANCE

386 Acres Fine Blue Grass Land

and splendid improvements thereon, will be sold at public auction, without reserve, to highest and best bidder, on

Wednesday, Sept. 10, on Premises

AT 10 O'CLOCK A. M.

This farm front on the Richmond and Lancaster turnpike, one mile from the City of Richmond, and the E. K. State Normal School Campus—dustless road into the city—and adjoins the splendid farms of Simmons, Creech, Turley, Carnes, and the late Col. Thomas J. Smith. It lies on the east side of the pike, which is one of the finest thoroughfares in the county, having recently been tarred out from town and for a mile or so south of the farm, thus affording the desirable convenience of a dustless road into the city.

This farm is sold for the purpose of dividing the proceeds among the three owners recently coming into possession thereof. The farm is well fenced, outside and inside, and is all under a high state of cultivation, and splendidly improved. On it there is a handsome 12 room frame, metal roof residence, fine porches, concrete foundation, large dry basement, air pressure water system, heated by hot air furnace in basement and lighted by acetylene gas, with good garage, and all requisite out buildings. This residence has only been constructed a few years and is in good condition. Daily R. D. mail passes the front yard gate each morning, and telephone connection with the Cumberland Central in Richmond.

In addition there are also on the place four good tenant houses, with good cistern at each, with all necessary outbuildings, yard and garden. Appurtenant to one, is a large ice house (old style). There are four large barns, one of which is so arranged that 100 to 150 cattle may be comfortably housed therein for feeding, etc. This barn has a 100-foot hay rack and a 4-foot trough corresponding, and it can easily be converted into a tobacco barn. It is now being used for both purposes.

This land is well drained, gently rolling, and abundantly supplied with wholesome stock water, (having several ponds and lasting springs). It is really one of the finest and best farms in this county of splendid farms. It is convenient to churches, good schools, and good markets. There are in Richmond two first class loose leaf tobacco warehouses, a flourishing creamery, and also the best live stock market in the state, with two well conducted stock yards.

About 250 acres of this land is in blue grass, clover, and timothy; 10 acres in tobacco; 75 acres in corn; the remainder in wheat. Also a good young orchard of apples, pears, peaches, etc. It is one of the nicest and best arranged places in county and is a money maker. The goods are there to show for themselves. If interested, go and examine for yourself.

This farm will be subdivided and sold in two tracts, then as a whole:

TRACT NO. 1—Contains about 193 acres upon which is located the residence above described, with the barn and all necessary outbuildings. The party who gets this tract will be fortunate indeed.

TRACT NO. 2—Contains about 193 acres, is also well improved, and will make an ideal home. The plat will be exhibited and the exact acreage made known on day of sale of each of these tracts.

On complying with the conditions of the sale, the purchaser or purchasers if desired, will be granted the right of seeding the land now in cultivation to small grain this fall.

TERMS—One-third cash on delivery of deed and possession January 1, 1920; balance in one and two payments, due in one and one-half years and remainder in 3 years, bearing legal interest. Immediately after sale a satisfactory guaranty that the sales conditions will be complied with by the purchaser or purchasers on January 1, 1920, will be required. The conditions as to possession, etc., made known at time of sale.

Any person desiring to look over this property with a view to buying, will be shown, or further particulars given by A. J. HOUSE or THOS. B. HOUSE, at the residence, or by mail, or phone, or as to terms, etc., to

CATTLE DIE FROM EATING PARIS GREEN

James Kelly, a well known farmer near Clay's Ferry, lost seven head of cattle and a fine brood mare last week from poisoning said to have been caused by the stock getting to paris green. It is said that the poison was left on the other side of a fence which enclosed the lot in which the stock were pastured. So far, it is said that Mr. Kelly has no information as to who left the poison where, the stock could get to it. The loss falls heavy upon Mr. Kelly, indeed.

Compliments Miss Hill

Miss Hill is very talented and capable, and will undoubtedly make good.

ZARING'S MILL

RYE ROSEN VARIETY

Was selected and improved from an envelope of Russian Rye furnished in 1909 by Mr. Rosen, a student from Russia at the Michigan Agricultural College. This variety immediately began to show its superiority and after proving its ability to double the yields obtainable with any other variety, it was widely distributed through the Farm Crops Department by Agricultural Colleges.

Rosen Rye is a stiff strawed, large headed variety, which when pure, ordinarily has four full rows of grain on over 99 per cent of its heads. It seldom winter kills and is rapidly taking the place of wheat on lighter soils and under adverse climatic conditions.

The acreage planted to Rosen Rye this fall will be enormous. Anticipate your needs and place your order now.

Get pure Michigan grown Rosen Rye. Buy, pure, original Rosen Rye. State Rosen Rye when you buy your seed.

Limited quantity of this rye offered for immediate sale at \$2.25 per bushel in new 2 bushel bags.
